screen to easily switch
between pages

Amaya S.

Three line icon in
corner of screen to
access settings
(change mode, etc)

Amaya S.

Features

A page that shows how
many meal plan
dollars are left

Amaya S.

A page that shows how
many retail swipes are
left

Amaya S.

User should be able to
see how long they
have left to wait
before using another
retail swipe

Amaya S.

User can add more
Carolina Cash through
the app

Amaya S.

Privacy

Should have to sign in
to see profile & meal
plan details

Amaya S.

Will show meal plan
dollars and meal
swipes on account
from last visit

Amaya S.

Will require DUO
Authenticator app in
order to sign in

Amaya S.

Parent user must use a
code received from
student when first
creating account

Amaya S.

How to Access

Available as a mobile
app and as a website

Amaya S.

Link to website on USC
websites (Carolina
Food Co., etc)

Amaya S.

Available on all app
store platforms (with
links to these on USC
websites)

Amaya S.

Link to this website
under Account Info on
Self Service and
my.sc.edu

Amaya S.

User

Main target audience
will be USC students

Amaya S.

Each student has the
ability to add a parent
user (so they can add
Carolina Cash for
them, etc)

Amaya S.

Will be linked through
USC accounts so user
logs in with their
network username and
password

Amaya S.

Student user chooses
what their parent user
(if applicable) can and
can't see

Amaya S.
